

29.30.31 October 2015
Bangalore International Exhibition Center, Bengaluru

SPEAKER PROFILE

Saket Modi

CEO
Lucideus

Saket is the chief executive of Lucideus - an enterprise cyber security service company headquartered in India and serving clients from South Asia, Middle East and Europe.

He was awarded the title of "Indian Ambassador of Cyber Security in Education" at the National Education Awards 2013. Over last 5 years he and his team have been conducting training and consultancy sessions across the globe.

Saket was a part of the Government of India's committee constituted in 2014 for preparation of the national vocational course on Cyber Security. He is a visiting faculty on subjects of information systems and security at multiple universities in South Asia and North America, including IIT-Bombay & IIT-Kanpur. He serves as advisor to reputed banks, oil & gas companies and e-commerce portals in designing and deploying safe cyber architectures for their business. He writes a column on technology & security for the 2nd Largest English Business Daily in the world - The Economic Times.
